MEMORANDUM FOR: Mr. Mayer

SUBJECT : Proposed DCID on the IC Staff

REFERENCE : Your Memo (IC-74-2339), Same Subject

AI:

1. I have long advocated a DCID or other document representing a charter for the IC Staff. Moreover, I believe this should be an authoritative document stating our roles and responsibilities as clearly and precisely as possible.

2. We have thus taken the liberty of redrafting the proposed DCID with those purposes in mind. I realize we may be too positive, but I believe we have tried too long to lead from a position of weakness.
